

Important notice for people using version 1 software

If you have a version 1 insert and software installed on your computer and you are also going to use version 2 you will need to change the default install directory during the set up from Digital Ceremonial Bugle to another name. (e.g. Digital Ceremonial Bugle 2)

If you do not have Version 1 software installed on your computer you do not need to follow the above instructions

The Ceremonial Bugle Team
